ORCHIDS BY WILSON

IMPORTERS

GROWERS

ORCHID HYBRIDISTS

MADISON AVENUE

MORRISTOWN, N. J.

U.S.A.

PREFACE

Read this for a better understanding of our aims, the goals we've set here at ORCHIDS BY WILSON.

We have been growing orchids for 3 generations. Our collection is comprised of the finest imported and domestic hybrids obtainable. We have been awarded many gold and silver medals and cultural certificates.

The crosses we have made and offer in this catalogue are the result of careful consideration and forethought. We have used only the finest seed and pollen parents to insure strong growth and productivity of the plants; color, texture, and size of the blooms; and your confidence and satisfaction in our efforts.

In the past we purchased, from the foremost hybridists, flasks of selected crosses in order to increase our own stock. We are willing to sell a limited number of these fine seedlings. If you desire, the originator's name will appear on pot labels of your purchases.

This catalogue cancels all previous lists and special quotations.

Packing is free of charge for all plants on this list and prices are F.O.B. Morristown, New Jersey in U.S. dollars. Shipments are forwarded via Railway Express unless otherwise specified in your order.

This catalogue covers the shipping dates of this firm i.e. April 15th to November 15th, 1949. Although we take every precaution when packing orders, we cannot guarantee safe delivery in colder weather. Such orders travel at your own risk.

Please, DO NOT include payment with your order. Payment should be made upon receipt of invoice.

NON-WARRANTY: We, ORCHIDS BY WILSON, "Orchid Oaks", give no warranty, expressed or implied, as to the productiveness of the plants we sell, and will not be in any way responsible for the crop. Our liability in all instances is limited to the purchase price of these plants.

Feel free to communicate with us at any time concerning your orchid growing problems. Our laboratory and numerous experimental projects are conducted here to find better methods in growing and to solve problems in Orchid Culture.

Whether it's an order or a problem, may we have the pleasure of hearing from you? Visitors are always welcome.

PREFACE

Read this for a better understanding of our aims, the goals we've set here at ORCHIDS BY WILSON.

We have been growing orchids for 3 generations. Our collection is composed of the finest imported and domestic hybrids obtainable. We have been awarded many gold and silver medals and cultural certificates.

The crosses we have made and offer in this catalogue are the result of careful selection and forethought. We have used only the finest seed and pollen parents to insure strong growth and productivity of the plants; color, texture, and size of the blooms; and your confidence and satisfaction in our efforts.

In the past we purchased, from the foremost hybridists, plants of selected crosses in order to increase our own stock. We are willing to sell a limited number of these fine seedlings. If you desire, the originator's name will appear on pot labels of your purchases.

This catalogue contains all previous lists and special quotations.

Packing is free of charge for all plants on this list and prices are F.O.B. Marlborough, New Jersey in U.S. dollars. Shipments are forwarded via Railway Express unless otherwise specified in your order.

This catalogue covers the shipping dates of this list from April 1st to November 1st, 1962. Although we take every precaution when packing orders, we cannot guarantee safe delivery in cold weather. Such orders travel at your own risk.

Please, DO NOT include payment with your order. Payment should be made upon receipt of invoice.

NON-WARRANTY: We, ORCHIDS BY WILSON, "Orchids Galore", give no warranty, expressed or implied, as to the productivity of the plants we sell, and will not be in any way responsible for the crop. Our liability in all instances is limited to the purchase price of these plants.

Feel free to communicate with us at any time concerning your orchid growing problems. Our laboratory and numerous experimental projects are conducted here to find better methods in growing and to solve problems in Orchid Culture.

Whether it's an order or a problem, may we have the pleasure of hearing from you? Visitors are always welcome.

HYBRID SEEDLINGS IN FLASKS AND TUBES

For the Professional or Amateur who is interested in growing plants on, from the Flask, we offer the following crosses made with the very finest parent plants obtainable.

IMPORTANT NOTE: It is impossible for us to guarantee that Flasks will arrive in perfect condition as far as the agar is concerned. If the agar is badly broken up and mixed with the plants they should be transplanted immediately.

<u>Cross No.</u>	<u>Cross</u>	<u>Size of Flask</u>	<u>Price</u>
50007	C. MOSSIAE x C. TRIMOS C. Mossiae of fine merit, beautifully shaped flower. C. Trimos, Tyco. Var. Large, fine shape, exceptional substance and color.	500cc	\$15.00
50006	C. MOSSIAE x Lc. CHAS. FUTTERMAN Exceptionally fine dark Mossiae with fine shape and substance. Lc. Chas. Futterman, dark with very dark full lip.	500cc	15.00
70160	Lc. ARRAS ALBA x C. BEMBRIDGE ALBA Arras Alba, a very fine free flowering white with colored lip; Bembridge Alba, a beautiful white sepal and petal hybrid. The infusion of Aphrodite and Enid in the parents, make this a strong grower and free producer of excellent blooms.	500cc	20.00
70145	C. BELGICA x C. FRED SANDER Belgica, a worthy parent, producing large beautifully shaped flowers of light lavender. Lip, round and full, gold in throat. Fred Sander, being a remy chollet cross, cannot help but produce luxurious blooms.	500cc	15.00

HYBRID SEEDLINGS IN FLASKS

The following seedlings are in 250cc flasks. These hold many more seedlings than tubes, and are not as apt to dry out. The agar is uniform in thickness, which gives every seedling the opportunity to grow uniformly.

<u>Cross No.</u>	<u>Cross</u>	<u>Size of Flask</u>	<u>Price</u>
50008	(Lc. CAMERONIAN x C. MOUNT ROYAL) x C. CHEROKEE Cameronian x Mt. Royal, a very large, beautifully shaped flower with broad sepals and petals of medium lavender. Very dark lip, light area in throat marked with dark veins. C. Cherokee broad sepals and petals of light lavender, lip, full and dark with two gold eyes in throat. Fine producer.	250cc	\$12.00
CO199	C. MAHOPAC x C. TRIANAE, Fine Variety A very fine shaped flower with dark sepals and petals, lip very dark red with gold band. C. Trianae, a very fine type; sepals and petals medium orchid color, lip beautifully frilled and of good size, dark magenta, gold throat veined magenta.	250cc	12.00

HYBRID SEEDLINGS IN FLASKS AND TUBES

For the Professional or Amateur who is interested in growing plants on, from the flask, we offer the following crosses made with the very finest parent plants obtainable.

IMPORTANT NOTE: It is impossible for us to guarantee that plants will arrive in perfect condition as far as the age is concerned. If the age is badly broken up and mixed with the plants they should be transplanted immediately.

Cross No.	Cross	Size of Plant	Price
50007	C. ROSSIAE x C. TRIANG. C. Rossiae of fine merit, beautifully shaped flowers. C. Triang. Type. Var. large, fine shape, exceptional substance and color.	50000	\$15.00
50008	C. ROSSIAE x C. TRIANG. FORTYFIVE Exceptionally fine dark Rossiae with fine shape and substance. C. Triang. Fortyman, dark with very dark full lip.	50000	15.00
50180	C. ALBA x C. BENDERBACH ALBA Alba, a very fine flower flowering white with colored lip; Benderbach Alba, a beautiful white equal and petal hybrid. The infusion of Aphrodite and said in the perfume, with this a strong grower and fine producer of excellent flowers.	50000	20.00
50182	C. BELGICA x C. FINE BANNER Belgica, a worthy parent, producing large beautifully shaped flowers of light lavender. Lip, round and full, gold in throat. Fred Banner, being a very cheerful cross, cannot help but produce handsome flowers.	50000	15.00

HYBRID SEEDLINGS IN FLASKS

The following seedlings are in 5000 flasks. These hold many more seedlings than tubes, and are not as apt to dry out. The age is uniform in thickness, which gives every seedling the opportunity to grow uniformly.

Cross No.	Cross	Size of Plant	Price
50009	(C. CAMERONIAE x C. MOUNT ROYAL) x C. CHOCOLATE Cameronia x Mt. Royal, a very large, beautifully shaped flower with broad petals and petals of medium lavender. Very dark lip, light area in throat marked with dark veins. C. Chocolate broad petals and petals of light lavender, lip, full and dark with two gold eyes in throat. Fine producer.	50000	\$15.00
50183	C. MAHONAE x C. TRIANG. FINE VARIETY A very fine shaped flower with dark petals and petals, lip very dark red with gold band. C. Triang. a very fine type; petals and petals medium orchid color, lip beautifully frilled and of good size, dark margins. Gold throat veined margins.	50000	15.00

<u>Cross No.</u>	<u>Cross</u>	<u>Size of Flask</u>	<u>Price</u>
50006	C. MOSSIAE x Lc. CHARLES FUTTERMAN We remake this fine cross, using the same fine dark Mossiae with excellent shape and substance. Lc. Chas. Futterman, dark with very dark full lip.	250cc	12.00

IMPORTANT NOTE: The above offering of four crosses in 250cc flasks will not be ready to ship until August or September. This is necessary in order for us to get our list out on time and to cover the entire year of 1949.

COMMUNITY POTS

Strong, clean, well-rooted seedlings that are past the CRITICAL stage; growing them on from this point is less difficult.

<u>Cross No.</u>	<u>Cross</u>	<u>Plants Per Pot</u>	<u>Pot Size</u>	<u>Price Per Pot</u>
80364	Lc. CAMERONIAN ALBA x C. PRISCILLA ALBA	12-15	3"	10.00
60194	C. LEDIATA, C. LEDA x C. LABIATA	15-18 12-15	3" 2½"	10.00 8.00

Prices are based on the cross and the size of the seedlings, not on the size of pot.

SPECIAL COMMUNITY POTS

In this we strive to give you what we think many would prefer in order to have a variety of crosses in their collections, instead of 15 or 20 plants of one cross.

<u>Cross No.</u>	<u>Cross</u>	<u>Plants Per Pot</u>	<u>Pot Size</u>	<u>Price Per Pot</u>
50007	C. TRIDENT, C. MOSSIAE x C. TRIMOS Made with the finest parents	3	2½"	2.50
80358	C. GLORIETTE x C. ENID, Var. Mrs. Butterworth	3	2½"	3.00
60194	C. LEDIATA, C. LEDA x C. LABIATA Made with selected parents.	3	3"	3.00

EXOTICS

MINIMUM
ORDER
\$ 10.00

As United States representatives of a reliable collector in Central America, we offer the following list of strong unestablished plants. On the first of each month we send our order to the collector who in turn gathers fresh plants in the jungles and forwards them, via air express, to this country. Please allow about 6 weeks for delivery.

These imported plants must go thru quarantine and fumigation. On some of the softer and bulbless types of plants, fumigation often causes leaves to burn or drop. At the prices quoted below, we will not be held responsible if such conditions exist. Plants will be forwarded as received.
